

Agilisys

Agilisys EHCP Tool – Transforming EHCP Drafting with Generative AI

Introduction to Agilisys EHCP Tool

The **Agilisys EHCP Tool** is a generative AI solution designed to help councils draft Education, Health and Care Plans (EHCPs) more efficiently, consistently, and to a higher standard.

Developed with deep expertise in SEND and transformation, and drawing on experience across more than 30 local authorities, the tool combines proven service knowledge with cutting-edge AI. It addresses one of the most urgent challenges councils face today: delivering timely, high-quality SEND services amid rising demand, financial pressures, and workforce constraints.

Goals of the Tool

Agilisys EHCP Tool has been built with three core goals in mind:

Improve the quality
and consistency of
EHCPs

Save caseworkers
hours per plan

Help councils meet
statutory deadlines

Benefits Being Seen by Councils

Early results from live councils have shown:

35+

Councils signed up for the trial

500+

Children supported with Agilisys EHCP

80%

Average time currently saved per plan

1000+hrs

Total time saved using Agilisys EHCP

Our Solution

STEP 1

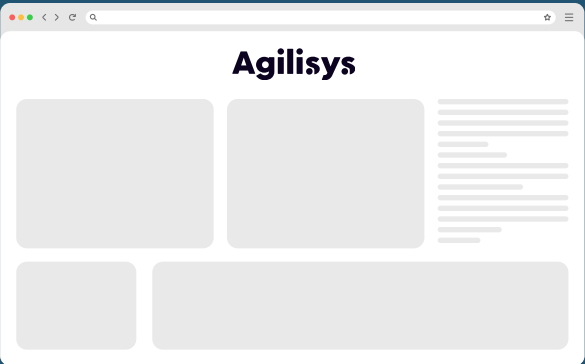

SEND caseworkers inputs a
variety of documents

- Physiotherapy Report
- Health Report
- Child and Parent's View
- Occupational Therapy Report
- Speech and Language Therapy Report
- Child and Adolescent Mental Health Services Report

STEP 2

AI tool produces a preliminary first
EHCP draft

STEP 3

The SEND Caseworker reviews and
refines the EHCP draft

“Previously, writing an EHCP took me about a day, but now I can manage two or even three a day — it's significantly impacted my workload.”

– SEND Lead, Pilot Council

The tool is saving me hours on every plan. I can finally spend more time with families.”

– SEND Caseworker, Pilot Council

“It doesn't replace me – it empowers me.”

– SEND Lead, Pilot Council

“Using the tool has now become part of my process when writing the plans. I will not write plans without the tool now because of the support it offers.”

– SEND Caseworker, Pilot Council

“The tool has made the quality better.”

– SEND Lead, Pilot Council
